Welcome back to another year of fun filled musical activities!

Learning an instrument introduces all the basic principles of music such as beat, rhythm, pitch, and note reading with the main emphasis being learning through participation and enjoyment.

Lessons will be open to years 1-6, and will produce work including scales, instrumental technique, tone clarity, and performance skills in a variety of music formats like; concert band charts, beginner book studies, guitar tab, classical notation, chord charts, and in genres; funk, rock, jazz, classical, modern, pop music etc.

I'd like to introduce Mark Payne, who will be helping me out with the amazingly high influx of students enrolled in instrumental lessons this year. Mark is a fluent, and competent percussionist and multi instrumentalist who has been teaching for around 10 years; including drum classes within the school early last year. This is an amazing opportunity for the students and I welcome Mark to our highly committed team of teachers here at Currumbin Valley State School.

**Instruments:** Trumpet, Trombone, Flute, Percussion, Clarinet, Saxophones, Guitar, Ukulele, Bass Guitar.

**Fees:**
- Individual lessons - $30 per half hour
- Group lessons (2) - $15 per half hour

**Requirements:**
For each lesson and band/sectional rehearsal:
- Clean instrument, all in working order
- Tutor book / folder
- Lesson music
- Soft lead pencil

**Practice:** Yes! The student will need to practice on a daily basis!! This will ensure they make progress. In the band and group lesson situations, each member has a responsibility to come to each session prepared and rehearsed.

**Attendance:** Lessons are billed by the term. The tutor is at school ready to teach your child for each scheduled lesson. If your child is absent from their lesson for any reason e.g. sickness, excursion, sport commitments, the tutor must be notified in advance or fees may be forfeited.

**Fees Policy:**
- All fees are payable in advance by the due date.
- Notice of discontinuing lessons are to be emailed directly.

**Timetabling:** Timetables will be on a rotating basis, so that the student is never out of the same class at the same time of the week. Special requirements can be arranged for specific lesson times.

Whilst the child receives lessons on the school premises it is important to note that the arrangement made with the instrumental tutor is a private one. Therefore any enquiries you have regarding lesson times, fees, and progress should be made directly to the tutor. If unable to contact the tutor, a message may be passed on through the school.
